EAN number: 8719274491095

-
- Certified 100% circular
 - Modular design
 - Fully adjustable
 - With patented SMART functions
 - Dutch design
 - Integrated cable management
-

With the R-Go Zepher monitor arm you can place your monitor at eye level and tilt and rotate it as you please. You can easily expand the Zepher with a document holder, laptop holder, Smartbar or an extra arm because of its modular character.

The Zepher monitor arms are CO2 neutral in design. The CO2 emissions that are released during the production of a monitor arm are compensated by planting trees. The R-Go Zepher monitor arm uses patented SMART functions, such as a rotation stop for each moving part. This prevents the monitor arm from colliding with an (acoustic) wall.

The Zepher monitor arm can be installed from above the desk, so you can work in an upright position even during installation! No tools are required for installation.

- Certified 100% circular
- Modular design
- With patented SMART functions
- Integrated cable management
- Installation from above

R-Go Tools | Technieweg 15 | 4143HW Leerdam | The Netherlands

- Easy to install by 1 person
